

General Puppet Instructions

Get a paper Bag, fasteners/brads, and double sided tape. Start by cutting out all the pieces for your character

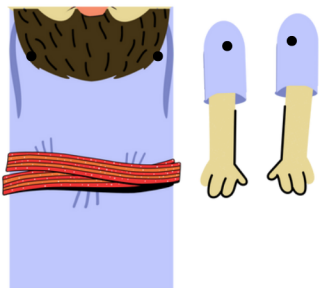

Pieces may vary according to puppet

Fold back the upper flap

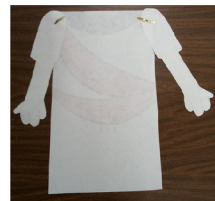

Place double sided tape Where shown

Press the pink mouth part into the folded area then place the tap on what is the bottom of the bag as shown and fold the face over to look like this.

Use 2 fasteners/brads to join the body to the arms at the dots. place the arms to the back

Not all puppets will have arms

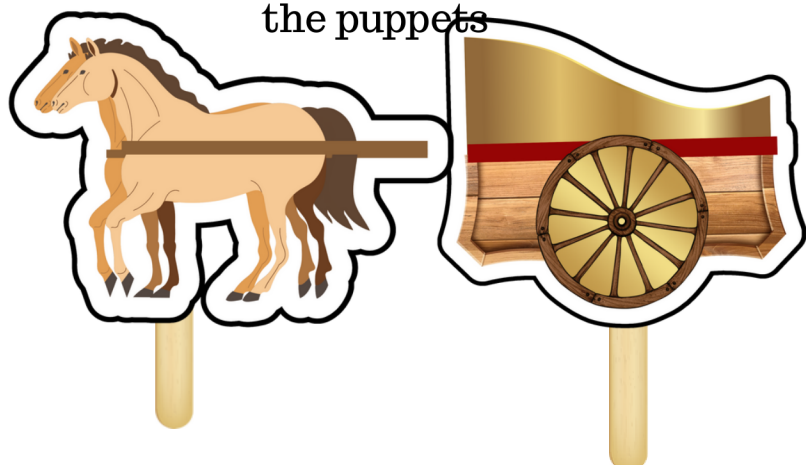

It should look like this on the backside

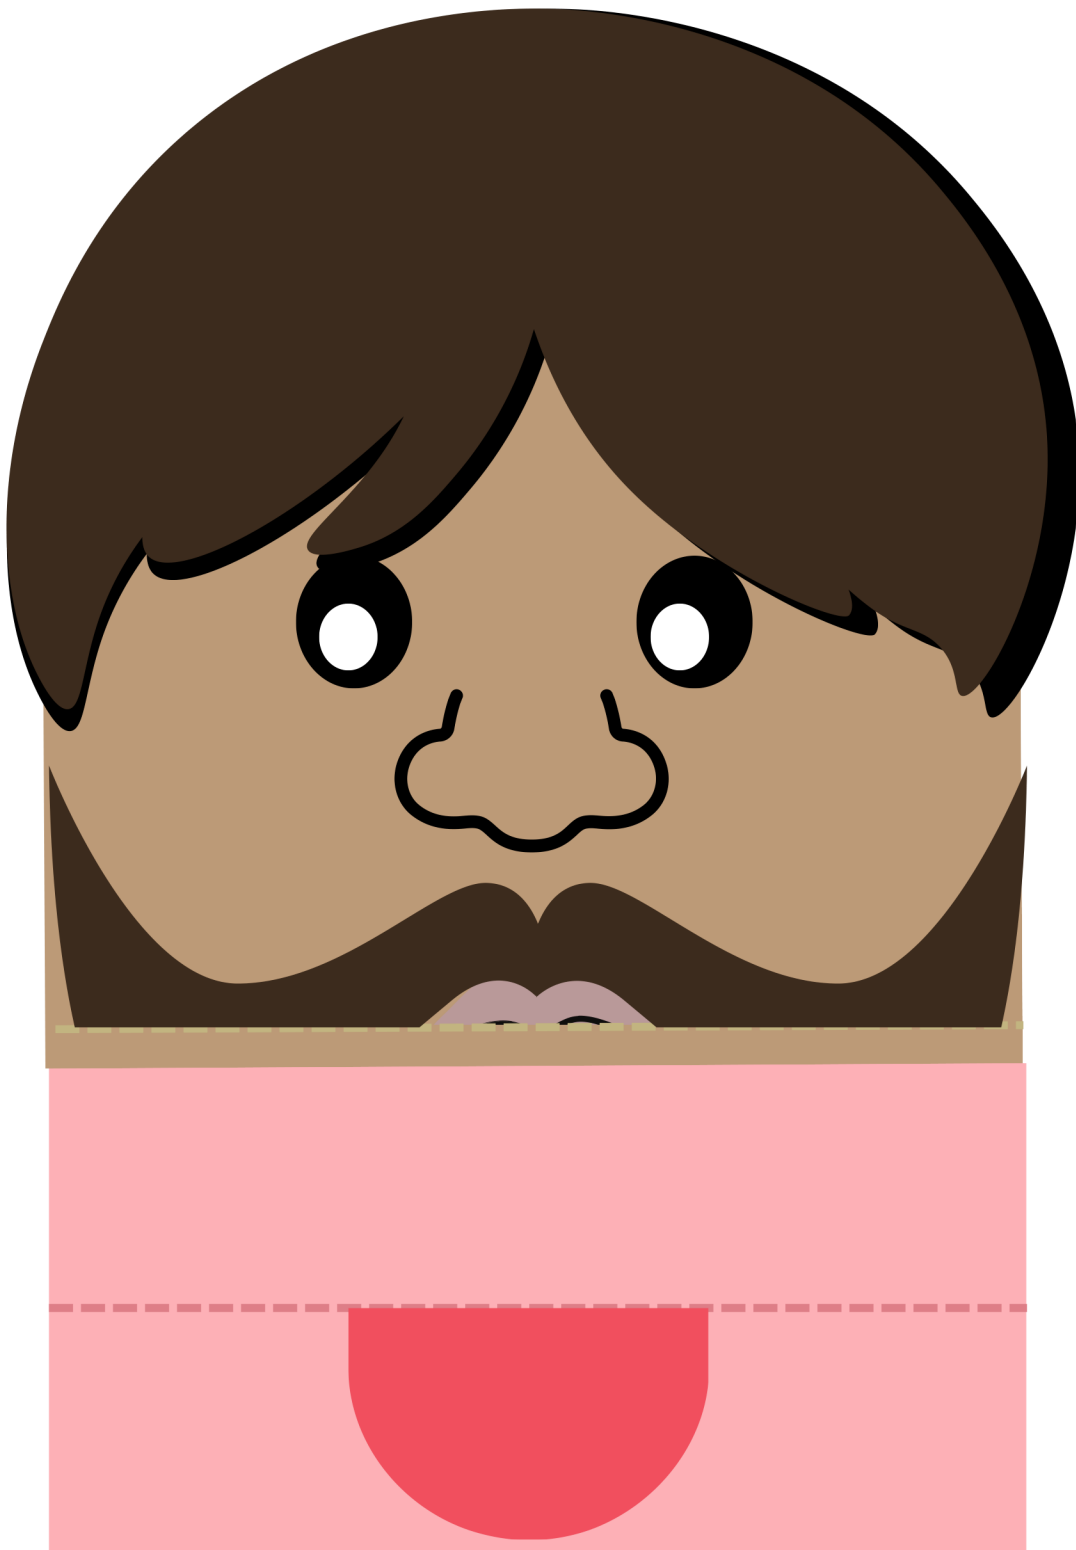

Place double sided tape Where shown

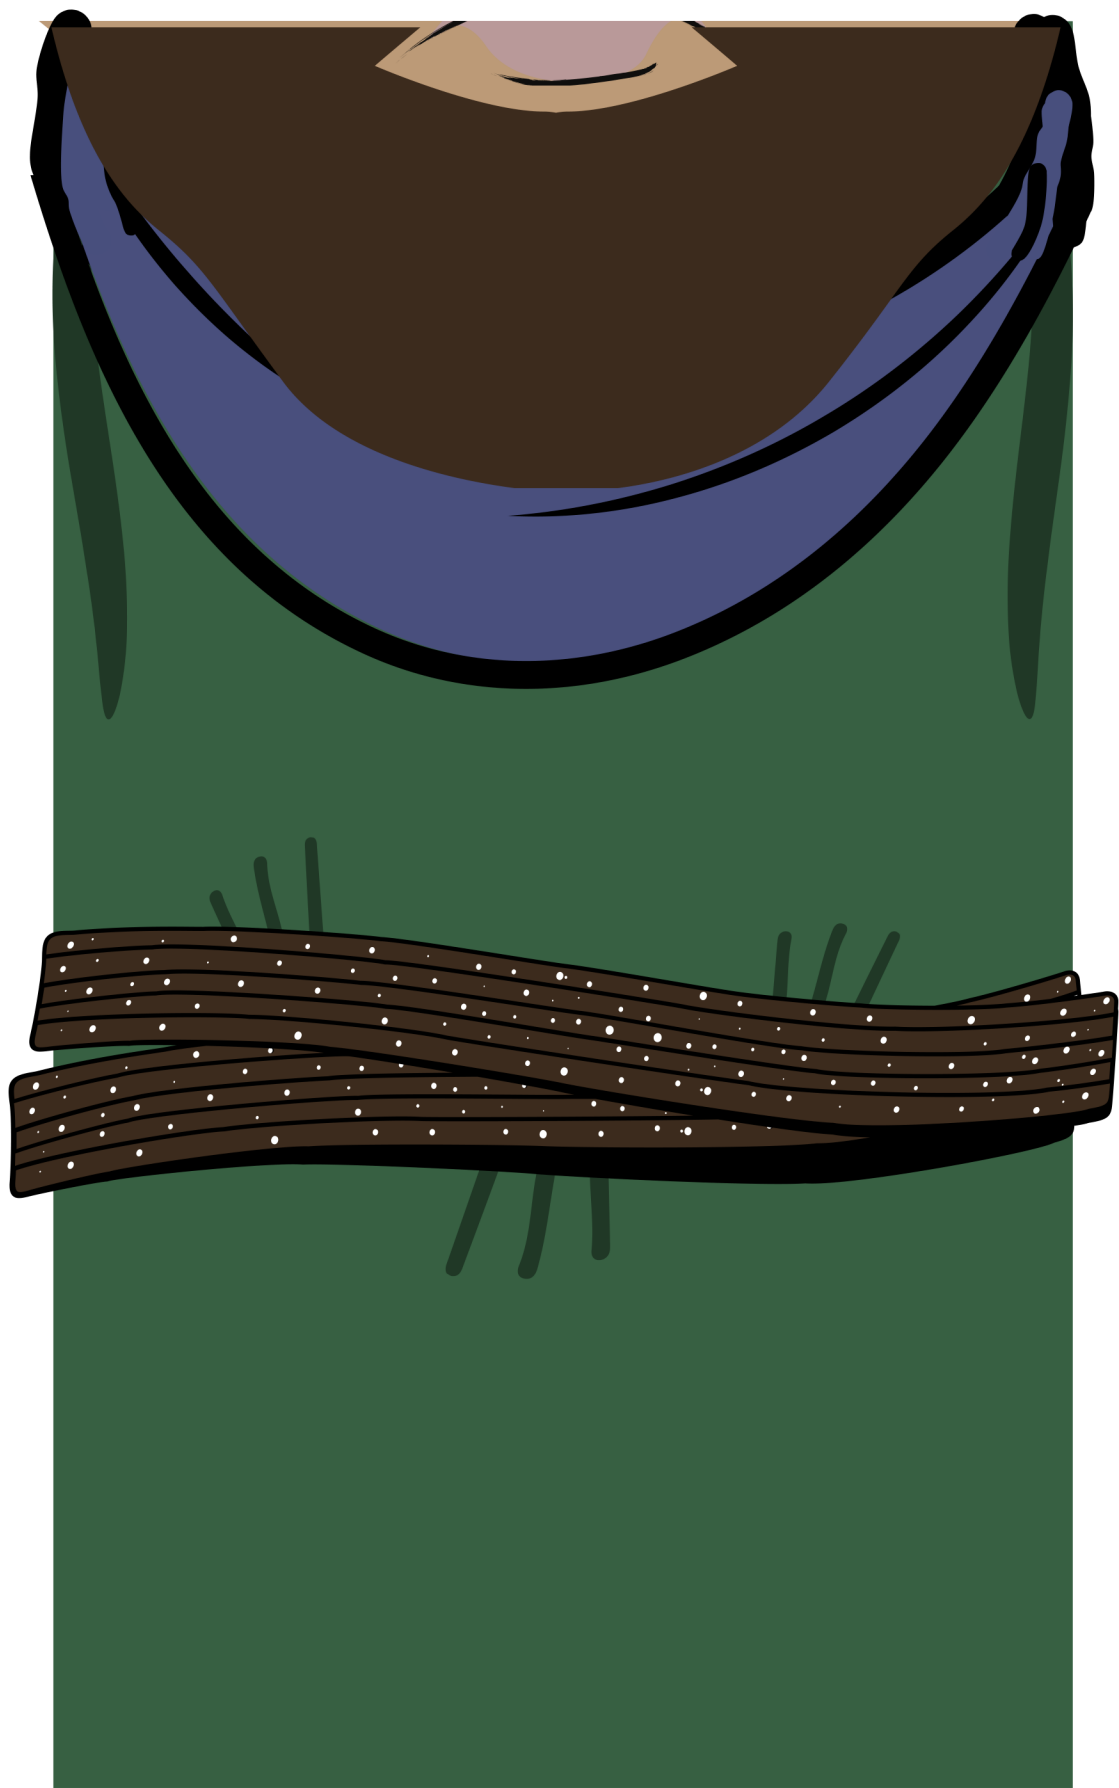

Lay the body down on the tape and your puppet is ready.

You can add a popsicle or paint stick to the bottom of the chariot and horses to use the with the puppets
